Objective

Full Stack Developer with hands-on experience in Python, Web Development, and AI/ML development. Adept at building Websites & Apps using OOPs, various Frameworks, and managing code via Git.

Work Experience

- Alfido IT Services** July-2025 - Oct-2025
Python Developer Intern
Technical intern as Python Developer with of hands-on experience in dynamic web application development. Eliminated 100% of third-party API operational costs by developing Python-based optimization solution. end-to-end deployment lifecycle and deploying over 7 iterative updates over the 4-month period.

Skills

- Programming Languages: Python, C, Java
- Web Technologies: HTML/CSS/JS/PHP, Git/GitHub
- Databases: Mysql, PostgreSQL
- AI/ML: LLMs, Python ML libraries, AI tools, Generative AI.

Recent Projects

- Farmer Suicide Predictor (Python,XGBoost):**
Designed and trained a predictive model to analyze complex socioeconomic, agricultural, and climate data. The model identifies key risk factors contributing to farmer distress, providing a potential tool for proactive policy-making and early intervention. Achieved a 92% F1-Score in identifying key risk factors.
- Pothole Detector (Python,YOLOv5,OpenCV):**
Built a real-time computer vision solution to automatically detect and localize potholes from image and video data. This project has direct applications in public safety, smart city development, and infrastructure maintenance. Achieved 95% mAP.
- Offline Coding Tools (Ollama,LLM,FastAPI):**
Developed a suite of offline-first development and coding utility tools by locally integrating the DeepSeek model. This enhances productivity by AI-powered coding assistance without requiring an internet connection to ensure 100% privacy.
- Credit Card Fraud Detector(Python, TensorFlow):**
Engineered a high-accuracy machine learning model to detect and flag fraudulent credit card transactions. Leveraged advanced algorithms and data preprocessing techniques to achieve 95-98% accuracy, significantly enhancing financial security.

Education

- Indira college of commerce and science** 2023-2026
Bachelor of Science in Computer Science
Grade: A+ || CGPA: 8.30/10

Achievements & Awards

- Vice President at Rotaract club of IC*
- Pune District Wrestling Champion*
- Best BOARD OF DIRECTOR Award*
- District Level Chess Silver Medal*

Certification

- IBM- Developing AI Application using python and flask Grade:- 83%
- Edureka- Web development full Course
